Location, location, location, with a touch of personality. You'll enjoy a weeklong stay in the heart of Paris at this historic Cristal Apartment Suite. And, with no blackout dates, the opportunity to create your perfect Paris experience is endless!

Located in the coveted Faubourg Saint-Germain district of the Left Bank in the 7th Arrondissement, your intimate one-bedroom suite is located on the second floor of a beautiful 17th-century building. The Cristal Suite was built in 1625 and restored to feature herringbone hardwood floors.

When you step out the door, you're in the center of it all—just minutes away from the Prime Minister's Matignon Estate, the Musée Rodin's Mansion and Gardens, and famed shopping experiences on the Rue du Bac.

In addition to being used by foreign dignitaries on state business, the space has also been used by rock stars and film directors and will serve as a comfortable, unpretentious home base for your cultural and culinary explorations of the City of Lights.

To complete this lot, the winning bidder will receive a variety of French wines handpicked by past honorary chair Jean-Charles Boisset.

**DONORS:** Lee DeBroff, Jean-Charles Boisset

**NOTE:** No blackout dates, to be scheduled for a mutually agreeable date prior to September 8, 2024.
